Date: _____

To Whom It May Concern:

_____ is a patient under my care. She (He) is disabled, as her (his) condition limits one or more of her (his) major life activities. I have prescribed service animals for emotional support. These animals will help her (him) to cope with her disability. These animals will lower her (his) stress level and alleviate some of her (his) isolation.

It has been shown that people with potentially fatal diseases live longer when a service animal is present.

If you have further questions, please feel free to call me at my office number.

Sincerely,

Medical Provider
